PROFILE

ICH-GCP and ICH E6(R3) certified physician-researcher and MD candidate (November 2026). Named International Collaborator, *The Lancet Psychiatry* (2025). Seven months observing end-to-end Phase 3 trial operations across site qualification, initiation, monitoring visits, and safety reporting workflows. Two years clinical patient management at Vivantes Hospital under German regulatory standards. Trained in EDC (Medidata Rave, REDCap) and CTMS (Veeva). Berlin-based, DACH travel ready, no sponsorship required.

CLINICAL RESEARCH EXPERIENCE

Phase 3 Clinical Trial Observer

Inductive Quotient | 7 months

- Observed qualification, initiation, and monitoring visits end to end; developed working knowledge of site visit structure, investigator qualification verification, and ISF/TMF filing requirements
- Followed protocol deviation identification, communication to site staff, and CAPA documentation in real time across an active trial
- Direct exposure to adverse event and SAE review, concomitant medication verification, and data integrity practices under ICH-GCP and applicable regulatory requirements

International Research Collaborator

Global Suicide Prevention Network / The Lancet Psychiatry | 2024 - 2025

- Led primary data collection and quality assessment across assigned countries in a 105-country study; applied source data verification principles and quality control methodology across diverse site environments
- Named collaborator on peer-reviewed publication: *The Lancet Psychiatry*, 12, 100-110 (2025)
- Assessed data completeness and accuracy; contributed findings to Bayesian statistical modelling across 105 countries

Self-Directed Clinical Research

Berlin, Germany | May 2025 - Present

- Produced monitoring plan redesign for a Phase III oncology trial including IPCW-adjusted survival analysis and irAE rechallenge protocol; anchored in ICH E6(R2), E9, E9(R1), and FDA adaptive design guidance
- Completed hands-on EDC training (Medidata Rave, REDCap) and CTMS (Veeva) through Johns Hopkins Clinical Trial Operations specialisation
- Maintained study documentation aligned with TMF standards; applied ICH-GCP principles to protocol analysis and regulatory document review

Healthcare Professional (Pflegerkraft)

Vivantes Hospital / Haus Jungfernheide, Berlin | Sept 2023 - Present

- Managed clinical patient records and safety protocols under German healthcare regulatory standards across a high-volume inpatient environment
- Developed hands-on understanding of patient eligibility, protocol-level care requirements, and institutional compliance -- directly transferable to site monitoring operations

PUBLICATIONS, PATENTS & RESEARCH

Peer-Reviewed Publication

- Vaghela G, et al., & Global Suicide Prevention Network Collaborators (incl. Koroma M.W.). (2025). Evaluating the global landscape of suicide helpline services: a global survey across 105 countries. *The Lancet Psychiatry*, 12, 100-110.

Patent Filings (Named Inventor)

- Digital Biomarker System for Culture-Calibrated ADHD Diagnosis -- Gebrauchsmuster, DPMA, May 2026
- Bed Device with Integrated Weighing Function for Immobile Patients -- Gebrauchsmuster, DPMA, May 2026

Preprint

- Koroma, M.W. (2026). Designing from the Inside: Design Rationale for a Culture-Calibrated Digital Biomarker System for Adult ADHD Diagnosis. Zenodo, May 2026.

CERTIFICATIONS & TRAINING

Clinical Research

- ICH E6(R3) Good Clinical Practice -- 2026
- ICH-GCP Good Clinical Practice -- Novartis / Coursera
- Clinical Trial Operations -- Johns Hopkins University (EDC/CTMS: Medidata Rave, REDCap, Veeva)
- Drug Development & Pharmacoepidemiology -- Johns Hopkins University
- Data Management for Clinical Research -- Vanderbilt University
- Regulatory Compliance -- University of Pennsylvania

Leadership & Strategy

- McKinsey Forward Programme -- 2026

Additional

- Drug Development & Product Management -- UC San Diego
- Google Data Analytics Professional Certificate
- AWS Training & Certification | Postgraduate Certificate, Cybersecurity -- Careerera

EDUCATION

MD -- Surgery Track

Horbachevsky Ternopil National Medical University, Ukraine | 2020 - November 2026

- Continued studies remotely and via clinical placements in Germany following displacement due to the 2022 war in Ukraine

BSc Business Administration

LICCSAL Business College | GPA: 4.0

- Focus: Data Analysis, Project Management, Organisational Strategy

AP Research Programme

SABS -- Senegal American Bilingual School, Dakar, Senegal | 2019 - 2020

- Published original quantitative research; completed ethics certification independently

ADDITIONAL PROFESSIONAL EXPERIENCE

Founder

MetaVoxa, Berlin, Germany | 2023 - Present

- Founded biotech research company; filed two Gebrauchsmuster patents with DPMA (May 2026); building GDPR-compliant health data architecture for a Phase II digital biomarker validation trial

Public Diplomacy & Cultural Affairs Intern

Embassy of the Republic of Sierra Leone, Berlin | 2022 - 2023

- Managed official correspondence, briefing summaries, and formal records; assisted senior staff navigating German legal and administrative frameworks

Diplomatic Aide & Strategic Assistant

Office of the Ambassador, Republic of Sierra Leone | 2018 - 2020

- Prepared briefing files and maintained confidential records across presidential meetings, state functions, and diplomatic receptions in multiple countries

LANGUAGES

English -- Native | German -- Upper Intermediate (B2), professional fluency in clinical and regulatory contexts | French -- Elementary (A2) | Ukrainian -- Intermediate (B1) | Krio -- Native

PROFESSIONAL AFFILIATIONS

EMSA | HIMSS | FAMSA | Global Suicide Prevention Network -- International Collaborator
